THE FAMOUS KENTUCKY COLLECTION LISTINGS CONTINUE  
IN THIS SALE !! Your "once-in-a-lifetime" opportunity to get  
coal and lumber tokens at your price !! Many of these tokens will  
not have been previously offered in ANY mail sale !! Better check  
your listings and go after those that you need !! MAIL YOUR BID  
SHEETS EARLY !! NOTE: By your special request, we will bring  
any listed lots to Beckley show for your inspection !! Let me know!  
We will not - of course - reveal any bids but will let you "look see"  
at any lots that you might want to examine!

+++++

Several inquiries have been received as to how the 10% deal - mentioned above - works in our sales..  
To give you an example, on the sale ending in March, Lot 59 was the famous Kentucky Cardinal set.  
The top highest bids received - as this is being prepared - are as follows: \$46.55 - \$51.50 - and  
\$68.00. Since the second highest bid is \$51.50, the person that bid \$68.00 will be awarded the  
lot at 10% above the \$51.50 or \$56.65. Thus, on any lot of \$5.00 or more that you especially  
want - bid what you want - and your bid will be reduced. Too, remember, our records are open  
for your inspection after the sale closes - NO "hanky-panky" in the Colonel's mail sales.....

=====

Don't miss the big Beckley event ! Radio, newspapers, television and special show cards are being  
used to get out a big crowd of interested people right here in the heart of the coal fields ! If you  
have scrip to sell or trade, bring it along! FREE tables - while they last - will be available for you  
to display, etc. Too, plan to enjoy the business meeting at 1:30 p.m. on Saturday....

WE CONTINUE WITH THE FABULOUS KENTUCKY COLLECTION - THE LARGEST KNOWN COLLECTION OF COAL AND LUMBER TOKENS - BE SURE AND GET YOUR SHARE OF THESE GOODIES - MANY HAVE NEVER BEEN OFFERED IN A MAIL SALE BEFORE - REMEMBER, ON THOSE THAT YOU ESPECIALLY WANT FOR YOUR COLLECTION, BID AS HIGH AS YOU WANT ! NOTE: We have inquiries often about condition of scrip tokens! Certainly collectors in the know are tickled to get pieces from some locations in ANY condition! They are surely not graded like coins due to age and use around the mines! We recommend that you get the best looking piece you can get and then upgrade as you find other items !! Don't expect all scrip to be BU !

Duplex Scrip Issuing Register

## AN OUTSTANDING "BUY"

WE SEARCHED SEVERAL YEARS FOR ONE OF THESE OSBORNE SCRIP MACHINES .... and in the past nine years or so have only located four of them! One has been sold to a Scriptor in Alaska - one will be held in my collection - and two are now being offered for sale! If you are interested in one of these antique machines, please let me know and I will bring to Beckley meeting for inspection! They are heavy to tote around so must have an interest expressed before I bring them along. They are priced right and will make a valuable addition to your scrip collection! Both of the two available can be yours for less than \$100.00 each! We can "wheel and deal" on price and you can go home a happy winner! Drop me a note if you are interested.....

At the conclusion of the big Kentucky collection listing in the current Mail Auction Sale listings, we will be in need of choice scrip and lumber material for future sales.... if your collection is for sale, please let me know. As will be noted, the scrip and lumber tokens are bringing a good price!! Collectors now realize that coal and lumber tokens are a good investment. Drop me a note if you have a collection for sale....

# LUMBER TOKENS

BY TERRY N. TRANTOW  
P. O. BOX 524  
ELLENSBURG, WA 98926

"SCRIP TALK" is pleased to present this special bonus feature for our members! We urge that you report all additional listings for future publication direct to Mr. Trantow. Since coal and lumber were related, all collectors are urged to get started on their lumber token search! See later listings for additions and other information!

Dear Walter:

Enclosed the manuscript for the lumber company token listing, typed as compact as I could get it. Hope it will suffice. Already have two or three new names to add since finishing the list - there's no end to it!

I would also like to run this listing in METCA's Trade Token Topics. Would there be any problem in reproducing the list from the SCRIP TALK pages at some later date, as long as credit was given to original printing? This would save me the trouble of having to retype the list. I would like to get some mileage out of the list.

Below is typed the opening to the listing. Made it as short as possible.

Regards,

*Terry*

This abbreviated list of lumber company tokens represents several years of work, and is made up from pieces in my collection, mail bid lists, published works, and descriptions from other collectors. Legends have been abbreviated to conserve space. Codes indicated are:

- \* indicated more information is needed - design, size, shape, denomination, etc.
- e encased; s scrip or chits; w whetstone advertising piece only

Some pieces included are questionable as to use by a lumber-related concern; listings also include paper, turpentine and naval store companies. I have much research at hand, and intent is to eventually publish a catalog of lumber tokens, complete with information about the company itself. Consequently, any additions, corrections or other help will be greatly appreciated. Special thanks to R.W. Colbert, Lew Egnew, Lou Crawford, and Paul Jensen and the other collectors who have helped to compile this list. One additional note: This list is perhaps 40% complete, so I can use a lot of help. Perhaps I can identify your unlisted token. Help can work both ways!
